### NEW MEMBER – QUALIFIED DIVER crossing over from another organisation

The basic joining/annual fee for a cross-over diver would be the £54.00 BSAC fee plus the £50 Cotswold fee, i.e. £104.00. In addition new members would be expected to purchase a set of BSAC Air and Nitrox Decompression Tables (currently £38.00 plus P&P).

On joining, cross-over divers would be given presentations on the benefits of BSAC membership and the use of the BSAC decompression tables. They would receive Nitrox training if they haven't got a Nitrox qualification. They would also have a pool session to cover any elements of the BSAC training they might not have done, e.g. controlled buoyant lift (CBL).

Any diver crossing-over to the BSAC Ocean Diver grade (e.g. from PADI Open Water or Advanced Open Water) would be strongly encouraged to take the BSAC Sports Diver course for which there is a fee. Further information is available from the Training Officer.
